

Quality Stationery Products

Company Profile

SONI POLYMERS PVT. LTD.

For over 35 years, Soni Polymers Pvt. Ltd. has been at the forefront of innovating and producing some of the best stationery items in the world. More than just ordinary office tools, they are a symbol of the ever increasing demand for quality products. This has led Soni Polymers to dream a possible dream, which is "To achieve an iconic status by making Soni Officemate a household name, sitting proudly amongst some of the most reputed and most admired stationery products of the modern era." The pursuit of innovation is basic to Soni Polymers culture. It shapes the strategy, defines the purpose, and governs every facet of the operations from research and development (R&D) that leads to newer innovative products, aesthetic appeal and affordability, to the production capabilities and the response to the ever changing market needs.

Nagpur, located in Central India, is a bustling city that enclaves our ISO 9001-2015 certified company which is spread over 4,00,000 sq.ft. of space and manned by a team of around 450 qualified staff, segregated into departments namely R&D, designing CAD/CAM, laboratory, mould development, moulding, production lines and packaging, who ensure that every product fabricated in Soni Polymers emboldens our dream of worldwide presence as a strong, reputed brand in stationery.

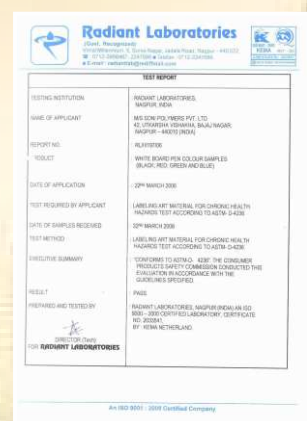

Each day our Stationery is put to use across the world: India, Asia, Africa, the Middle East, Europe, South America and the USA. This passion for capturing every market stems from the satisfaction of customer delight, which is only possible by maintaining quality, not as a destination, but an ongoing journey. And in the 21st Century, our journey continues with greater confidence- Circa 2010! We are fully equipped to meet requirements of Quality, Quantum, Supply schedules or Business economies of larger markets. In fact, from revolution in capturing global markets to evolution in its products, Soni Polymers promises a tradition of innovation garnished with excellence in quality.
